

Appendix 2: Survey 2

Neuro-oncology rehabilitation services survey - children and young people

ELECTRONIC CONSENT: Please select your choice below. Clicking on the "agree" button below indicates that: • you have read the above information • you voluntarily agree to participate • you are at least 18 years of age If you do not wish to participate in the survey, please decline participation by clicking on the "disagree" button.

1. Please provide the name of your centre
2. Please tell us your role in the team
3. What is the age range of children or young people that your answers apply to in your centre?
4. Does your centre have access to inpatient rehabilitation for children and young people diagnosed with a CNS tumour?
5. Does your centre have access to outpatient rehabilitation for children and young people diagnosed with a CNS tumour?
6. In the three financial years 2012/13 - 2014/15 inclusive, how many newly diagnosed patients with CNS (brain and spinal) tumours were seen at your centre?
7. Approximately how many of these patients accessed rehabilitation at your centre?
8. Approximately how many of these patients were referred for rehabilitation elsewhere?
9. In 2016, how easy was it to access the following rehabilitation services at your centre?
 - Physiotherapy
 - Occupational therapy
 - Speech and language therapy
 - Neuropsychology for cognitive testing
 - Psychology for emotional and behavioural support
 - Endocrinology
 - Ophthalmology
 - Audiology
 - Educational support
 - Other
10. In 2016, how easy was it to access the following rehabilitation services elsewhere to your services?
 - Physiotherapy
 - Occupational therapy
 - Speech and language therapy
 - Neuropsychology for cognitive testing
 - Psychology for emotional and behavioural support
 - Endocrinology
 - Ophthalmology

- Audiology
 - Educational support
 - Other
11. Where is your regional specialised neuro-rehabilitation centre for patients with an acquired brain injury (e.g traumatic brain injury)?
 12. Is this on the same site as the neuro-oncology treatment centre where you work?
 13. Does it belong to the same Trust as the neuro-oncology treatment centre where you work?
 14. Do you refer patients for rehabilitation to the centre named in question 11?
 15. If yes, about how many such referrals have been made from your neuro-oncology service to that service in the three financial years 2012/13 to 2014/15 inclusive?
 16. Do you refer patients for neurorehabilitation to centres other than the regional centre that you named in the answer to question 11?
 17. If yes to question 16, about how many referrals have been made from your neuro-oncology service to centres other than the regional centre that you named in question 11 in the three financial years 2012/13 to 2014/15 inclusive?
 18. What are the barriers in your centre to accessing rehabilitation for your neuro-oncology patients?
 19. What are the gaps in rehabilitation for neuro-oncology patients in your centre?
